

**‘ZTBL  
promoting  
socially  
responsible  
corporate  
culture’**

ISLAMABAD: Zarai Taraqati Bank Limited (ZTBL) under its present management showed committed to developing the bank into an organisation based on solid economic foundations. These efforts remained successful in promoting a socially responsible corporate culture in Pakistan.

These views were expressed by Saeed Ajmal Senior Vice President ZTBL in a statement issued here on Wednesday.

He said that ZTBL not only ensures effective delivery of its services to farmers at their doorsteps but also leads the way in promoting sports activities and encouraging national sports talent. My promotion from the post of Vice President to Senior Vice President of the bank is also part of these endeavors, he added.

“I express my heart-felt gratitude to Syed Talat Mehmood, President ZTBL and his management team for this promotion that has reinvigorated my commitment to my organization,” he added. Assurances by the President of the Bank for taking necessary steps for encouraging and helping other male and female players advance their skills and careers serves for us as a great source of motivation. I also assure the bank and my countrymen for not letting them down and playing with reinforced commitment and dedication in coming days to bring more honors to ZTBL as well as Pakistan, he maintained.—PR
